

Dear IBEW Local,

The package you received includes an introductory packet of 10 U.S.A. Collection Footwear catalogs and 500 IBEW Voucher Cards (\$30 off any U.S.A. footwear) for you to distribute to your members as you see fit. MidwestBoots has seen a great response from IBEW members across the country that found us by searching out U.S.A. footwear. We started calling on a few of the Local IBEW's and the response was overwhelming so we are just mailing packages directly to all of the locations.

We know IBEW supports U.S.A. manufacturing and want you to know that most of the items in our catalog are union made as well. Here are the union brands and locals that make each of them.

If you require additional catalogs, voucher cards, posters, etc... just let us know. We have them by the 10's of thousands and are working to grow the U.S.A. manufacturing movement with great partners like the IBEW. Thanks for your time.

Sincerely,

Adam Hill
